

ZARECKI FOODS ENVIRONMENTAL PROTECTION POLICY

The aim of ZARECKI FOODS environmental policy is to reduce the negative impact on the environment to a minimum.

We hereby declare and commit to:

- Fulfillment and compliance with requirements arising from legal regulations in the field of environmental protection.
- Providing products that do not have an undue impact on the environment and are safe for their intended use.
- Providing customers with information regarding the safe use, transportation, storage and disposal of supplied products.
- Rational use of electricity and other energy carriers.
- Rational management of water as a natural resource.
- Fulfilling all requirements regarding the use of the environment that are related to the company's activities.
- Minimizing waste generation by using reusable packaging.
- Put products on the market in packaging that is suitable for recycling and recovery.
- Safe and responsible disposal of generated waste.
- Making every effort to prevent emergency situations that may have a negative impact on the environment.
- Educating, training and motivating employees to carry out their duties in a responsible manner with the environment in mind.
- Continuous improvement of the application of environmental policy.

The company's management and employees have become familiar with this policy and are committed to implementing it by establishing and implementing environmental tasks and objectives arising from this policy.
